## Jackson Hole Trail Ride

If you closed your eyes and tried to imagine the perfect Western vacation, you'd probably come pretty close to a description of the Jackson Hole Trail Ride. It's a special seven-day vacation, with five days of riding, from August 3-9 that's guaranteed to lead you into some of the prettiest country in the world. The Jackson Hole Trail Ride has been offered since 1970 and it has become more popular each year. Many of our people come back year after year.

We start your perfect vacation with a get acquainted party and dinner Sunday evening. Each day you will start with a hearty western breakfast, then you'll set out astride your horse or ours, for a trip into the back country of the Teton wilderness. Each day's ride goes into a different area where we'll provide a sack lunch. One of those days, you'll go to the top of the Continental Divide, another to Holmes Cave, one of the Trail Rides most popular day trips. Along the way, whatever the destination, you will have the opportunity to see elk, moose, and deer; just to name a few of the wild animals that live in Wyoming's high country. Wildflowers are usually at the peak of their brilliance in the high country during Trail Ride time. You'll return to the base camp each night with an appetite as big as the country you've traveled through. Our Trail Ride Chef's have seen those kinds of appetites before, and we'll reward you with some outstanding meals.

The Ride ends with breakfast on Saturday morning. Once you've joined us on the Jackson Hole Trail Ride, you'll have fond memories for years to come.

## Horses and Feed

If you have a horse, you're welcome to bring them. We'll supply hay free of charge from Sunday evening through Friday evening. Base camp is at 9,000 feet so be sure your horse is in good shape. Nights get cold at that elevation, so you may want to bring a horse blanket. **All horses must meet Wyoming state health and brand requirements; ask your veterinarian and brand inspector for details.**

If you don't have your own horse, we can make arrangements to supply one with tack.

## Accommodations

Bring your own camper, motor home, pickup, trailer, tent, or whatever you're comfortable in. If you don't have anything of the sort, we have tents that accommodate two to three people. We do not have cots. Hot water and showers are available at camp.

Nights at 9,000 feet can get cold, so be sure to bring a warm sleeping bag, air mattress, and any personal belongings you'll need for seven days: clothing, a warm coat, rain gear, and personal bath supplies. Don't forget your camera and plenty of film!

## Rules of the Ride

1. All horses must have a valid negative Coggins test.
2. No stallions.
3. No intoxicating liquor out on the trail.
4. No riders will pass the Trail Boss.
5. No riders in the cook shack.
6. No grazing allowed in camp.
